

Documentation:  
Analog -to-Digital Video Feed Converter  
October 2015

Three (two) types of A/D converters are in use:

a) EzGrapper 116 USB 2.0 URL: [www.ezcap.tv](http://www.ezcap.tv)

b) Hauppauge Impact-VCBe (PCI card). URL:  
[http://www.hauppauge.com/site/products/data\\_impactvcbe.html](http://www.hauppauge.com/site/products/data_impactvcbe.html)

However, the Impact-VCB is not used anymore since it got destroyed due to a lightening strike in summer 2015.

c) Pinnacle Dazzle (DVC100), search google for details.

## Pinnacle Dazzle (DVC100)

The SOAO A/D video converters (Hauppauge Impact VCB and EzCapGrabber) were destroyed due to a lightning strike in summer 2015 (electromagnetic pulse induced current, no surge protection device was mounted on the computer end). The new replacement grabbers at SOAO are all Pinnacle Dazzle (DVC100):
